PDS-88 SOLID STATE™ SHREDDER

The PDS-88 Solid State™ Media Shredder is the perfect combination of office shredder, disintegrator and industrial shredder. It has the capability to shred several types of media, including solid state drives, CDs/DVDs, USB drives and more. Plus, it's packed nicely into an office shredder body.

STANDOUT FEATURES:

- Able to destroy SSD Drives, Smartphones, mobile phones, mini-tablets, credit cards, CDs/DVDs & USB sticks.
- Auto-Reverse is enacted to ensure complete destruction of all inserted media.
- Small media destruction chute and larger media destruction flap built in for safe, efficient feeding.
- An easy to use control panel resides on the top of the unit that allows users to push a button for all operations.
- The control panel also indicates the status of the shredder, whether it is running through, standby or in auto-reverse.
